

Admiral's Ale \$75 nett per carton (12 x 500ml)
4% abv

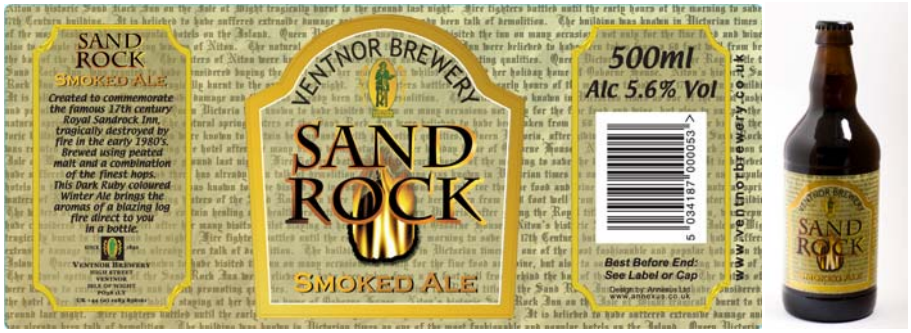

This special Ale has been produced by Xavier the Head Brewer at Ventnor Brewery to celebrate the 150th America's Cup yacht race.

In 1851 the yacht America arrived in Cowes, Isle of Wight, and issued a challenge to race, which was not accepted by anyone. Two weeks later Lord Wilton who was Commodore of the Royal Yacht Squadron invited The Yacht America to take part in The Round the Island Race for the 100 Guinea Cup. This light, amber session beer is brewed using Goldings and Challenger hops producing a refreshing yet complex beer. It has won numerous awards and continues to outshine all other beers on the Island. It has been drunk and enjoyed by Prince Phillip.

Oyster Stout \$75 nett per carton (12 x 500ml)
4.5% abv

Oyster stout has become one of our most popular bottled beers. The original seed of the idea for an Oyster Stout came from the brewery's consultant brewer Fred Martin, who had previously brewed a similar beer in the Isle of Man back in the 1930's. Together with Xavier Baker, Ventnor Brewery's Head Brewer, and Fred Martin developed a special recipe and process by which real oysters are infused together with the brew to create a rich beer with the sweetness of an English stout and the silky smoothness of an Irish stout.

Sandrock Smoked Ale **\$75 nett per carton (12 x 500ml)**
5.6% abv

Ventnor Brewery's second ale originally brewed as a bottled beer for the Tesco Spring Beer Challenge 1999, Sandrock Smoked Ale, once again, took Ventnor Brewery into the final of the national competition.

This speciality smoked ale was developed using malts smoked over smouldering peat in Scotland, this creates a smooth yet intensely smoky ale.
